

Light Pole Kit Instructions

HW1552019

Included Parts: A. Metal Straps (4ea) B. Poles (2ea) C. Quick Release Pin (2ea) D. Base with rubber pads (2ea) E. Zip Ties (2ea)

STEP 1:
Insert poles (end with hole)
into bases and secure with
quick release pins.

STEP 2: Secure base & pole
assembly to light pole with two
metal straps at appropriate
height for top of light pole
banner.

STEP 3: Place the top
pocket of the light pole
banner onto the pole.

STEP 4: Insert the 2nd base
& pole assembly into the
bottom pocket of the light pole
banner.

Note: Place just enough
tension on the banner from top
to bottom to keep it from
flapping in the wind. Do not pull
the banner extremely tight or
taped seams may come apart.

STEP 5: Secure the bottom
base & pole assembly to the
light pole with two metal straps.

STEP 6: Secure the banner
to the light pole by looping
the zip ties through the
grommets on the banner
and the quick release pins
or the metal straps.
