Provide your church members with a tool that can transform their lives and your church

Engaging with the Scripture regularly is critical for personal Christian growth. As churches we are called to make disciples, but often we see little spiritual growth or it is hard to measure. In a Bible engagement study with 100K participants, researchers found that people who engaged with the Bible at least four days a week saw the following differences in their lives vs. those who did not engage with the Bible.

WHAT IS IN THE JOURNAL?

DiscipleReach journals are designed to help your church members develop a daily habit of spending time in Scripture and prayer. They use the widely adopted SOAP method (Scripture, Observation, Application & Prayer), but can be customized with other methods. For the daily Scripture reading, users can follow a plan provided by the church, use their own personal plan from the Bible app, or other Bible reading plans. DiscipleReach journals come in three or six month variations and range from 185 to 210 pages. The journals aren't dated, so participants can start at any time and included in the journal are sections for Sunday service notes and long-term prayer requests. In quantities over 25, the journals can have your own custom cover.

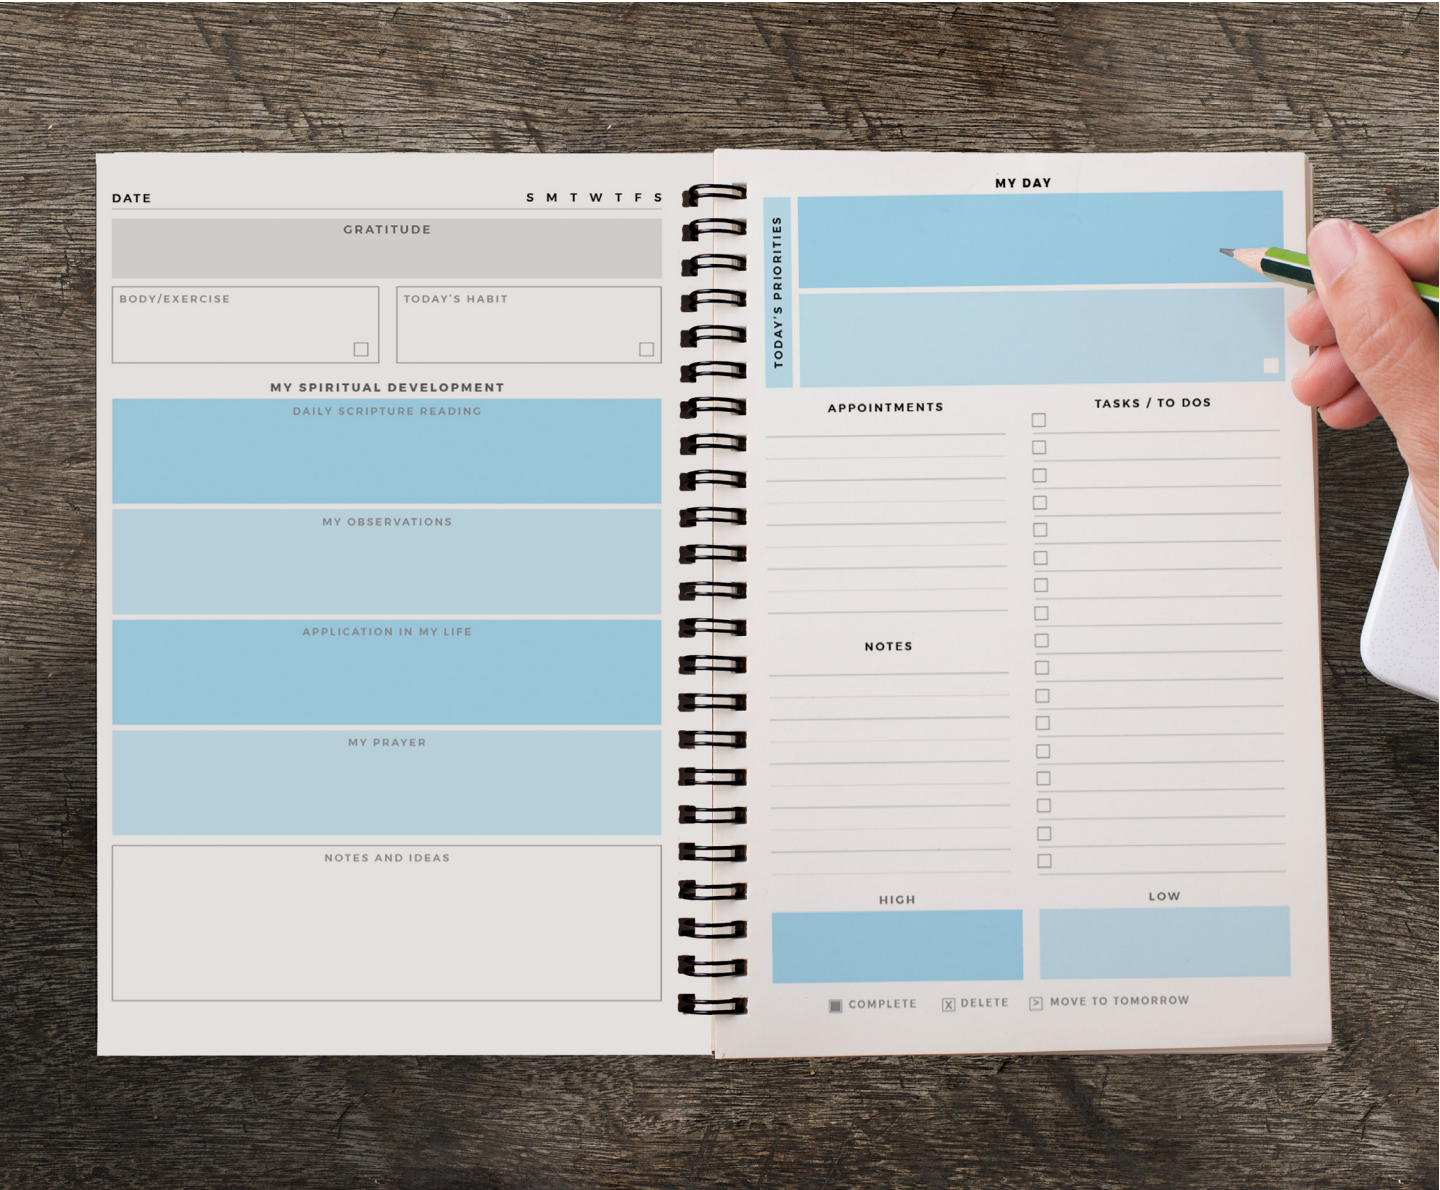

With a desire to help as many people as possible grow in their faith, depending on quantities, the journals are priced up to **75% off** the \$15.99 retail price.

SOAP JOURNAL

Utilizing the proven SOAP (Scripture, Observation, Application & Prayer) method of devotional study, this journal is the perfect complement to your church's discipleship growth strategy. Users study Scripture daily, add reflections of what they learned at the end week, and bring their journals to Sunday services to record their thoughts on the weekly sermon. Ongoing prayer pages give users space to engage regularly with God. *This interior option is a six-month journal.*

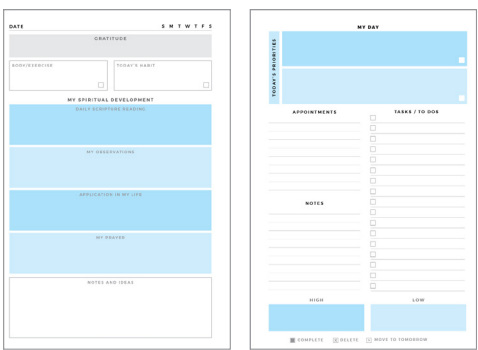

WEEKLY PAGES

SOAP JOURNAL & PLANNER

“The life of someone who engages Scripture four or more times a week looks radically different from the life of someone who does not. In fact, the lives of Christians who do not engage the Bible most days of the week are statistically the same as the lives of non-believers.” –Center For Bible Engagement
